

Palawan Island

Palawan Philippines A Nature's Harbor

Palawan Philippines is blooming with a spectacular natural scenery and diverse ecosystem - lush rainforests, towering mountains, primitive caves, abundant mangroves, coral reefs, limesone reefs, and clean beaches. Palawan is a haven for nature lover . It is habitat to many of the world's rarest mammal and marine species, and has been flagged as a natural sanctuary of the world. Palawan flaunts of two World Heritage Sites: Tubbataha Reef National Marine Park and the Puerto Princesa Subterranean River National Park, the world's longest underground river. Puerto Princesca, Palawan's capital, is a famous tourist destination and El Nido, with its abundant waters and spectacular marine life, welcomes divers from all over the world. With a booming tourism industry and a growing population, Palawan has huge potential for early-stage real estate and eco-tourism related investments. Puerto Princesa Palawan - Come uncover Puerto Princesa and its tourist attractions, and enjoy nature at its best!
